Table of Contents

Volume 32, Issue 3 — March 2025

Research Articles

1.

Effects of Low-dose Gamma Irradiation and Modified Atmosphere Packaging on Shelf Life and Quality Characteristics of Saffron (Crocus sativus Linn)

Masashi Karlsson, Laurent Zhang, Laurent Zhang

Keywords: Gamma Irradiation, Modified Atmosphere Packaging, Food Safety, Microorganism Reduction, Food Preservation

2.

Effects of Modified Atmosphere Packaging and Storage Time on Quality and Shelf Life of Camel Meat Stored at 4 °C

Taro Moore, Fatou Sánchez, Fatou Sánchez

Keywords: Modified Atmosphere Packaging, Camel Meat, Microbial Load, Food Quality, Meat Storage

3.

Quality Changes of Air-packaged Wild Saffron (Crocus sativus L.) during Storage Time

Aisha Taylor, Elena Wang, Andreas Dubois, Laurent Diallo, Elena Wang, Andreas Dubois, Laurent Diallo

Keywords: Saffron; Air Packaging; Storage; Quality Changes; Crocus sativus; Chemical Characteristics

4.

Evaluating the Impact of Urban Green Spaces on Biodiversity in Metropolitan Areas

, Nana Suzuki

Keywords: Urban Green Spaces, Biodiversity, Ecosystems, Urban Planning, Geographic Information Systems, Environmental Science

---

5.

Assessing the Impact of Urbanization on Native Plant Species in Mediterranean Ecosystems

Dr. Maria Gonzalez, Dr. Yusuf El-Amin, Dr. Lila Chen, Klaus Kamara

Keywords: Urbanization, Native Plant Species, Mediterranean Ecosystems, Biodiversity, Conservation, Green Infrastructure

---

6.

Ecological Impacts of Urban Expansion on Native Plant Communities

Ana Martínez, Wei Zhang, Nkosazana Thabethe, Mykola Meyer, Christopher Dlamini

Keywords: Urban Ecology; Native Plants; Habitat Fragmentation; Biodiversity Conservation; Urban Planning

---

7.

Impact of Urbanization on Native Plant Species Diversity in Urban Green Spaces

, Marc Williams, Ivan Melnyk, Alberto Miller

8.

Assessing Plant Biodiversity Resilience in Urban Green Spaces: A Framework for Enhanced Ecosystem Services

Aiko Tanaka, Leila Nasser, José Pereira, Fatou Wilson, Natalia Meyer

Keywords: Biodiversity, Urban Ecology, Ecosystem Services, Plant Resilience, Urban Planning

---

9.

Adaptive Strategies for Sustainable Forest Management in Tropical Ecosystems

Amina Rahman, Carlos Mendes, Mei-Ling Chen, Tendai Wagner

Keywords: Sustainable Forest Management; Tropical Ecosystems; Biodiversity; Adaptive Co-management; Conservation Strategies

---

10.

Biodiversity Conservation in Urban Green Spaces: Strategies and Impacts

Sofia Kimura, Liam Nwosu, Elena Garcia, Jun Becker

Keywords: Biodiversity Conservation; Urban Green Spaces; Native Plant Species; Ecological Connectivity; Urban Ecology

---

11.

The Impact of Mangrove Restoration on Coastal Ecosystems in Southeast Asia

Dr. Aisha Rahman, Prof. Hiroshi Tanaka, Dr. Maria Gonzalez, Feng Kato

Keywords: Mangrove Restoration; Biodiversity; Carbon Sequestration; Coastal Ecosystems; Southeast Asia

---

12.

Immunosuppressive and Cytotoxic Properties of Ochratoxin A and Protective Role of Selenium in Rabbits

Andrea Simon, Thomas Ndlovu, Thomas Ndlovu

Keywords: Ochratoxin A, Immunosuppression, Cytotoxicity, Mycotoxin, Nephrotoxicity, Fungal Toxins
